Date: Signature of Patient /Guardian/Authorized Representative of Patient

Full Name, Address and Phone Number and Email ID

STEP 2:
Print (Receipt of **Refund Demand Letter)** (to be generated by the system on press of a button)

GUIDANCE NOTE (for patients, guardians or authorized representatives of patients):

To be read before filing the refund claim

1. Documentation is critical. Do not despair though if the original receipt has been lost – if the payment was made by credit or debit card, then a back-up record should be accessible through your bank's online account summary page.

2. Explain why you are seeking a refund, but make sure that your reason falls within the refund policy. Was the service not as described? Was there a defect in the service? The more objective and verifiable the issue, the better.

3. Be specific in the demand letter. Indicate the total amount that is demanded, the deadline for issuing this refund, and how the refund should be provided. Make sure that AIMS2Health receives the letter, and follow-up as necessary.

4. Timing is everything with refund requests – so the sooner after the original transaction the refund request is made, the better.

5. If a false claim is filed the AIMS2Health can take legal action against you for filing the false claim.

6. If a refund has not been issued by the specified deadline, then it may be time to take things to the next level.
